Hello

Firstly, thank you for requesting my wedding photography brochure. This brochure is for you to get to know a little more about me and why I love what I do, and to see if I'm the wedding photographer for you.

My name is Karen Johnson, born and bred in Cheshire. I'm married to Paul, we have a daughter (Frankie Jean) two step children, Lewis & Ruby, and our Cockerpoo Stanley. I love the outdoors, going for a run, being by the sea, mountains, lakes and woodlands. Meals out, music, the odd G&T, and fun times with friends.

I have loved photographing people and places from a young age.

I studied photography and printing techniques at mid cheshire college from 1999, gaining distinctions in b&w, colour photography and printing, also working in printing labs.

I did Family portraits firstly then after a couple of years I started training in wedding photography, quickly realising that I had the ability to capture the true photographs at a wedding, capturing real emotions and happenings.

Choosing your wedding photographer is an important part for your day, you must have a love of my images, my style of shooting. These are your days memories captured forever. They will be your wedding days story book!

I stay in the background, don't shout too many orders, whilst knowing when to organise or guide if needed. I am a friendly, fun photographer who can mingle with your guests, enjoy all the excitement of the bridal preparations through to the evening celebrations, I always leave a wedding with a smile from capturing you and your guests having the best of times.

I would be honoured to photograph and tell your story.

Myself & my Husband had Karen to capture our engagement, wedding and also the christening of our Daughter.

Karen is very down to earth and makes everyone feel relaxed in her company, which reflects massively in her work. You would never know that she is there taking all of the wonderful images, she really does have a great eye for spotting all the funny, touching, beautiful moments that happen throughout your day.

We cannot recommend her enough, thank you Karen for for always capturing our beautiful moments.

Nichola & Keiran.

We loved having you as our wedding photographer Karen.

You were such a joy to work with and captured our day perfectly and natural, we didnt even know you were there at times! There isnt one photo that we don't like, you're first class.

Karen is amazing, she spent the whole day and evening at my Daughters wedding and took the most amazing photo's Ive ever seen so far! She has a great sense of humour and made everyone feel so relaxed and comfortable whilst taking photographs. I would highly recommend Frankie Jean Photography, Karen is the best by far.
